COHN VS. HERRICK.—Yesterday the case of M. Cohn vs. Dr. Herrick was tried in the Justice Court. Cohn sued to recover \$50, being 5 per cent. commission on the sale of some land owned by Dr. Herrick. It was claimed that Herrick offered him the commission and then withdrew the offer after the sale was accomplished by Cohn. Herrick denied that Cohn had brought about the sale. The Court awarded Cohn judgment with costs, and the case was appealed. James Judge appeared for Cohn and Sardis Summerfield for Herrick.

"A Soap Bubble"

An immense audience crowded Opera House last night at the opening performance. The company is a very good one. Jerome is the same delightfully comical humorist as ever. Miss Dollie Foster is very pretty and popular as La La Dodge. The songs are numerous, some of them are new and most of them are well rendered. The company will be at the Opera House during the week, with Wednesday and Saturday matinees.—Louisville Courier Journal.

APPEAL JOB OFFICE.—The reason why there is such a rush of work at the APPEAL job office is because no office in the State can do equally good work at the same prices. The APPEAL job office announced a few months ago that hereafter no one need send to Frisco for work and now that proposition is being thoroughly demonstrated.

WHAT ON EARTH.—Is the reason people will not, cannot, or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing.—W. H. Chedie Druggist.

AN INTERESTING REPORT.

From the Committee Which Recently Visited Lake Tahoe.
To the President and Executive Com. of the Nevada State Board of Trade—GENTLEMEN: The undersigned, the committee appointed at a meeting held in Reno April 22d, to take such steps as might be deemed necessary to secure the closing of the gates at the outlet of Lake Tahoe, and thereby accomplish a two-fold object: first to store the surplus water for future use and second, by so doing to lessen the flow in the Truckee river and if possible avoid a flood, beg leave to report that they left Reno on the 23d inst. for Tahoe by way of Carson. At Carson we met D. L. Bliss, who, we found was not only willing to endorse our efforts to close the gates of Tahoe, but anxious to assist us in every way possible, and through his direction the steamer Emerald was steamed up ready to send us across the lake upon our arrival. This courtesy was highly appreciated, as it was the only way we could have accomplished our journey around the lake that day.

The first stop was made at E. Clematis, a gentleman familiarly known as "Yank." We found Mr. Clematis very enthusiastic on the question of our mission, and bade us God speed. We met with similar encouragement wherever we stopped, until we reached McKinney's, and he, too, wanted the lake raised, but declined to sign our petition to close the gates. At Tahoe City we met A. F. Campbell, who was the principal complainant and protestant against the gates being closed, fearing too much water, but after exchanging views on the subject, he signed our petition. While at Tahoe City, by good fortune, we met the ever gentlemanly and courteous Horace Attwood, who has charge of the gates for the Donner Boom and Driving Company, and who we found willing and anxious to have the gates closed. Having presented him our petition, signed by most of the people interested in property on the borders of the lake, in which it was asked that the gates be closed, he readily accompanied the committee to the gates and shut them down, and assured the committee that the gates should remain closed, except at intervals when the supply of water is needed to drive logs.

The Donner gates were closed last Monday, so at this time there is no water flowing from Tahoe or Donner. The committee found the water in Tahoe 33 1-0 inches higher than it was last fall. The snow now in the Tahoe basin, with the usual spring rainfall, will not raise the lake more 32 or 36 inches more, and that increase would injure no one, but on the contrary, will benefit all interests. Very Respectfully,
JAMES MAYBERRY, } Committee.

EDITORS GET MAD.

Row Between the Independent and Free Lance

The editors of the *Free Lance* and *Independent* have drifted into a squabble. Here is the way the Independent man alludes to his brother editor:

The *Free Lance*, a rotten, illiterate, so-called temperance paper published by the Rev. (?) C. H. Gardner at Reno, Nev., comes out in its issue of last Wednesday with a lot of balderdash which is hardly worthy of comment or reply.

As we do not wish to befool the columns of the *Independent* by quoting any of the language of a so-called religious paper, edited by such an impecunious creature and sequestered crank as the editor of the *Free Lance*, and which upholds the statement that the "people of Nevada, from the child in the to the highest State officer, are burned out and burned down with whiskey," we refrain from further comment at present.

We would suggest that the unenlightened editor of the *Free Lance* purchase a copy of Webster's Unabridged Dictionary and a copy of Swinton's Elementary Grammar and devote his spare time to a careful perusal of the same. There is not a 10-year-old school-boy in Elko but who can point out blunder after blunder made in the last issue of the *Free Lance*.

When we want advice there are many Indians here, who have never attended school a day in their lives, who would be more liable to correctly inform us than would the *Free Lance*.

COAST NEWS.

A man called "Maltese Joe" had his skull fractured by the chief of the Truckee Hotel at Truckee Monday. Joe was drunk and attacked the clerk.

William E. Johnson, colored, was arrested at Portland, Or., on Monday. He is charged with the murder of Jennie Jennie McGarvie last March in Chicago.

Patrick Murphy was killed, and Peter Linden, W. F. Gray and Ed. Coulson were severely injured in the shaft of the Mountain Consolidated mine, at Butte, Mont., Monday.

George Ross, one of the men with Colonel Patterson in his search for the lost Adams diggings, while out in the Zuni Mts, where he stopped to cook a meal, was, it is believed, fatally wounded by the Zunis. He reached Gallup, N. M. Monday, it is thought in a dying condition.

The sons of A. Ingram and F. C. Young, two miners who perished while returning from the Yuken river, has started from Victoria, B. C., to find, if possible, the remains of their fathers, in order to bring them out and give them interment in the family cemetery.

Robert J. Papli, the Postmaster at Sonoma, attempted suicide by taking a dose of laudanum Monday. A successor having been appointed and his inharmonious family relations were the cause of his drinking heavily, and while in an excited condition he took the deadly draught. It is not thought it will prove fatal.

HOW CAN PARENTS.—Allow their children to cough and calmly say: "Oh! its only a little cold," and keep giving them cheap medicines, until they are down with lung fever or consumption, when they can be so easily relieved by using BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedie, Druggist.
